

First Announcement and Call for Papers

ISPRS Technical Commission II Symposium Vienna, Austria, 12 – 14 July 2006

The ISPRS Technical Commission II focuses on the theory and concepts of spatio-temporal data handling and information covering spatial database design, spatial data structures, spatial analysis and geostatistics, spatial querying, spatial reasoning, spatial and temporal modeling, aggregation, generalization, abstraction and rendering of image and vector data, spatial decision support systems, processing, analysis and modeling of multi-dimensional geospatial data, system integration and interoperability of heterogeneous spatial information systems, semantic and geometric integration of heterogeneous spatial information, communication and visualization of spatial data, data mining, filtering, retrieval and dissemination, spatial data and model quality, as well as dynamic and multi-dimensional systems and applications.

Papers are solicited on all topics covered by the Commission but especially focused on the following subjects:

- Spatio-Temporal Modeling
- Spatial Reasoning, Analysis, and Data Mining
- Multiple Representations of Image and Vector Data
- Spatial Planning and Decision Support Systems
- Communication and Visualization of Spatial Data
- System Integration and Interoperability
- Quality of Spatio-Temporal Data and Models
- Dynamic and Multi-Dimensional Systems and Applications

All papers are subject to a full double-blind review and will be published in the International Archives of Photogrammetry, Remote Sensing and Spatial Information Sciences. Detailed instructions for authors can be found on the symposium web site at www.gicon2006.at.

Venue

The Symposium will take place at the University of Vienna and run in parallel with the **12th International Symposium on Spatial Data Handling (SDH 2006)** and the **Central European Cartographic Conference** under the theme *Geoinformation Connecting Societies* (www.gicon2006.at).

Important Dates

09 December 2005	submission of full papers
13 February 2006	notification of acceptance/rejection of papers
31 March 2006	final papers due
31 March 2006	deadline for early registration
